Item 5 09.03.15 513/46	2. Jersey International Finance Centre The Panel discussed its question plan for its Public Hearing the following week with the Minister for Planning and Environment. It agreed that the revised draft should be circulated to the Panel for further consideration. The Panel considered the current stage of its Review, the challenge of reporting within a constrained timeframe and how it might therefore most effectively progress the Review. It noted the significant public and stakeholders interest in the Review to date, and discussed a number of important matters that had been raised in submissions. It agreed that in the first instance it would draft correspondence to the Minister for Treasury and Resources reflecting its considerations and requesting his co-operation in ensuring the Panel was afforded appropriate time within which to fulfil its remit and complete the Review accordingly. The Panel confirmed that it would seek to engage additional technical advice for its Review. It noted that an associated adviser engagement proposal from a potential adviser was due to be received for its consideration.	Panel TO
