DEPUTY K.C. LEWIS OF ST. SAVIOUR

REPORT

Field 625 is the former D'Hautrée School site.

This site has been listed as a potential site for approximately 85 houses (proposed States-owned Category A housing site (Policy H1)) but this area of St. Saviour is already saturated with the old dairy site under construction and the proposed St. Saviour retirement village Fields 516, 516a, 517 and 518.

And with most of the Island's schools in this area, the roads have already reached saturation point, and this has already affected the quality of life of St. Saviour residents.

Field 625 and the D'Hautrée School site must remain as an educational facility.

Financial and manpower implications

There are no additional financial or manpower implications arising from this amendment to the fifteenth amendment.
