# **DRAFT DATA PROTECTION (SUBJECT ACCESS MISCELLANEOUS) (JERSEY) REGULATIONS 200**

## **REPORT**

---

Except in cases relating to credit reference information, Police National Computer data, educational and health records, the maximum fee a data controller may charge for a subject access request is £10.

For data controllers who are credit reference agencies, the maximum fee chargeable is £2 and the response time is reduced to 10 days. For requests relating to health records a maximum of £50 may be charged. For requests relating to educational records a maximum of £30 may be charged. For requests relating to criminal records that are held on the Police National Computer a maximum of £20 may be charged.

Any resource implications of these Regulations are already provided for within the resources of the Finance and Economics Committee.

## Explanatory Note

---

These Regulations refer to the exercise of the right of access to personal data conferred by Article 7 of the Data Protection (Jersey) Law 2005.

They set out certain principles about the ambit of requests for subject access under Article 7 when the requests are not clear as to their ambit (*Regulation 2*).

They also (in *Regulation 3*) set at £10 the maximum fee that a data controller may charge for access to data when a request is made under Article 7(1), (2) or (3).

However, a request limited to personal data relevant to the applicant's financial standing and made to a credit reference agency attracts a maximum fee of £2 (*Regulation 4*).

A request for a record held on the Police National Computer, but accessed by request to the Chief Officer of the Police as the relevant data controller, attracts a maximum fee of £20 (*Regulation 5*) and a request to a school for a record held by it attracts a maximum fee of £30 (*Regulation 6*).

On the other hand, under *Regulation 7*, if a request is made before the end of the first 3 years of the Law's operation and in respect of what is partly a manual health record, the request attracts a maximum fee of £50 in the case where a permanent copy of the information is to be provided. But no fee is chargeable in the case of certain recent manual health records (and an individual may limit his or her request to this class of record).

The period for complying with a request limited to personal data relevant to the applicant's financial standing and made to a credit reference agency is 7 working days and not the usual 40 days (*Regulation 4*).

*Regulation 8* sets out the name of the Regulations and states when they come into force.

These Regulations contribute to the implementation of Directive 95/46/EC on the protection of individuals with regard to the processing of personal data and on the free movement of such data.
