<b>513/18(8)</b>	<p><b>1. Population Policy</b></p> <p>The Sub-Panel held a Public Hearing with Connétable A.S. Crowcroft of St Helier in relation to the proposed Population Policy of the Council of Ministers. Subsequent to the Hearing, it was agreed that a request should be made to the Department of Transport and Technical Services for information on <i>per capita</i> waste production.</p> <p>The Sub-Panel considered its subsequent course of action in relation to the Population Policy. It was noted that evidence-gathering would effectively have to cease in order that the final report could be drafted in sufficient time for the debate on the Policy on 2nd June 2009. Notwithstanding this fact, it was noted that the timescale for the draft report to be circulated for comment on the factual accuracy would be tight. Noting that a precedent for flexibility with this timescale had been set during the Review of the Proposed Importation of Bovine Semen, it was agreed to advise Senator T.A. Le Sueur, Chief Minister, that a degree of flexibility in this case would be beneficial.</p> <p>Initial consideration was given to potential findings based upon the evidence received by the Sub-Panel. The Officer was requested to commence drafting the report.</p>	<p><b>WM</b></p> <p><b>WM</b></p> <p><b>WM</b></p>

	<p><b>3. Review Expenditure</b></p> <p>The Sub-Panel noted that an invoice for April 2009 had been received from its expert advisor for £1,920.08. It was recalled that the initial budget for the review had been £25,700 of which £20,000 had been set aside for the services of an expert advisor.</p>	

	<b>4. Next Meeting</b>  The Sub-Panel noted it would next meet at 2:00pm on Monday 18th May 2009.
