

To The Education And Home Affairs Scrutiny Panel

Just a Few Words Regarding The Possible Future Of Fort Regent.

We Been Spending Millions Of Pounds In The Last Decade To Keep It Going As A Sport Centre, We Do Not need anymore we have got enough sports centres all over the island, we don't need as well more retail shop, but what about giving a little though to turn this beautiful building to a state of the art casino with hotel facility. would be a great opportunity for the state to save a lot of money and plus making a lot more.

all the best

your truly
