“Does the Minister consider that the holiday camp at Plémont which was abandoned by its current owners in 2000, is in a ruinous, dilapidated and dangerous condition and is damaging to the amenities of this part of the Island, and, if so, will the Minister inform the Assembly why neither he or the former Minister have used their legal powers to secure the demolition and removal of the derelict buildings?”

3. The Deputy of Grouville will ask the following question of the Minister for Transport and Technical Services –

4. Deputy G.C.L. Baudains of St. Clement will ask the following question of the Chief Minister –

5. Deputy J.A. Martin of St. Helier will ask the following question of the Minister for Treasury and Resources –

“Would the Minister advise what the estimated budget allocation was in 1998/2000 for a new police station, what the current budget is and whether this takes into account the £1 million a year on-going revenue that the Transport and Technical Services Department will lose through the reduction in parking spaces?”

6. Deputy M. Tadier of St. Brelade will ask the following question of the Chief Minister –

7. Deputy G.P. Southern of St. Helier will ask the following question of the Minister for Transport and Technical Services –

8. Deputy M.R. Higgins of St. Helier will ask the following question of the Minister for Treasury and Resources –

10. Deputy R.G. Le Hérissier of St. Saviour will ask the following question of the Minister for Health and Social Services –

17. Deputy T.M. Pitman of St. Helier will ask the following question of H.M. Attorney General –

“Were victims told by prosecution lawyers that they could only make statements relating to the couple who ran Haut de la Garenne and could not name other parties who they alleged also carried out abuse at the home, and, if so, why would this have been the case?”

WRITTEN QUESTIONS

(See Item I(a))

1. The Minister for Planning and Environment will table an answer to the following question asked by the Connétable of St. Peter –

“Following his statement on 9th October 2012 that he would only bring forward applications that met the policies set out in the 2011 Island Plan, will the Minister bring forward to this Assembly for approval recommendations for exceptions to policy or amendments to policies that will allow his Department to play its part in meeting economic stimulus required to prevent further job losses in the construction and supply industries and, if not, why not?”

2. The Minister for Treasury and Resources will table an answer to the following question asked by Deputy S.S.P.A. Power of St. Brelade –

“Is the Minister, as the representative of the shareholder, aware that advertisements, such as a recent one advertising puppies for sale, may be appearing on the Jersey Telecom subsidiary ‘Jersey Insight’ that may be representing fraudulent intent?”

Does the Minister consider the lack of regulation a potential problem that may cause reputational damage to the Island?”

3. The Minister for Transport and Technical Services will table an answer to the following question asked by Deputy G.C.L. Baudains of St. Clement –

“Can the Minister advise whether a thick plume of smoke seen rising from a flue on the north-west part of La Collette chimney at 8am on 10th October 2012, was caused by the Energy from Waste plant and, if so, why was this happening and what was the chemical composition of the soot?”

4. The Chairman of the Privileges and Procedures Committee will table an answer to the following question asked by Deputy G.C.L. Baudains of St. Clement –

“Does the Chairman consider that dispensing with members’ lunches on States meeting days has been a retrograde step and, if so, would he advise what action, if any, the Committee will take towards reinstating them to allow members to get together and resolve issues that otherwise could take days or weeks?”

5. The Chief Minister will table an answer to the following question asked by Deputy G.C.L. Baudains of St. Clement –

“Would the Chief Minister advise whether he has received a briefing regarding a child abduction from Jersey in 2005 and the subsequent court cases in Norway, and, if so, would he advise what action, if any, he intends to take?”

6. The Chief Minister will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Following his recent acceptance that implementation of the US Foreign Account Tax Compliance Act (FATCA) is necessary for Jersey’s finance industry to remain competitive and doing so through an intergovernmental agreement is considered to be the best course of action to adopt, will the Chief Minister state whether -

- (a) Jersey has been asked by the Organisation for Economic Co-operation and Development (OECD) to join the multilateral Convention on Mutual Administrative Assistance in Tax Matters and, if so, what was Jersey’s response;
 - (b) the UK government has requested that Jersey should move to automatic information exchange under the EU Savings Tax Directive and, if so, what was Jersey’s response; and,
 - (c) the UK government has formally requested that Jersey concludes a FATCA equivalent automatic information exchange system and, if so, what was Jersey’s response?”
7. The Chief Minister will table an answer to the following question asked by the Connétable of St. John –

“Can the Minister advise who decided that only metric measurements like kilometres should be used in some Departmental reports?

Does the Minister consider that sea distances should be in nautical miles, land masses that cover statute in miles and meteorological forecasts shown in the Beaufort Scale and, if so, what action, if any, will the Minister take to ensure future reports use the correct measurements?”

8. The Minister for Health and Social Services will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Following her responses to an oral question on funding the costs of travel to and from medical treatment off-Island on 9th October 2012, and in the light of her plans to make increased use of service level agreements with off-Island organisations to deliver specialist treatments, will the Minister –

- (a) inform members what the level of funding of patient travel for off-Island treatment was in 2010 and 2011;
- (b) state what growth in off-Island treatment is predicted in 2013, 2014 and 2015; and,
- (c) assure members that sufficient funding has been built into the patient travel budget for 2013 and into the MTFP for 2014 and 2015?

Notwithstanding the pending review of travel costs, will she further assure members that:

- (i) when wheelchair users have to travel off-Island for treatment, the travel costs of their carer/companion will also normally be met;
- (ii) when an early morning appointment cannot be avoided, reasonable overnight accommodation costs will be met, including those for a carer;
- (iii) the reasonable travel costs to and from airport and hospital will include the use of taxis; and,
- (iv) where hardship can be shown, travel costs will be paid in advance?”

9. The Minister for Transport and Technical Services will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“Does the Minister now accept that significant changes to the terms and conditions of bus drivers have been made in the contracts offered by CTPlus, in respect of the removal of basic overtime rate, changes from a 6-day rota to 5/7 days, making Sunday working compulsory; and introducing a 54 hour maximum working week?

What justification, if any, does the Minister have for his statement to the Assembly that “the terms and conditions are substantively the same”?

Will the Minister inform members of the exact wording on the tender documents which referred to the transfer of staff and their terms and conditions?

What evidence does the Minister have to support the following statements he has made in relation to this issue –

- ‘a workforce controlled by fear and favour’;
- ‘despite the hindrance of the previous staff transfer. We must not allow the same political involvement to stifle a contractor again’; and,
- ‘In general CTPlus’s sickness provision is higher than Connex’?”

10. The Minister for Transport and Technical Services will table an answer to the following question asked by Deputy G.P. Southern of St. Helier –

“When did the Department/Minister become aware of the contractual terms offered to the bus drivers on 4th October 2012?

What input did the Department have to that contract and what meetings have been held between CTPlus, the Department and employee representatives to discuss it?

Does the Minister consider that the imposition of the requirement that this contract be agreed by all Connex drivers individually by 12th October 2012 (now 19th) was reasonable, given that it was in direct contravention of the rights of the recognised drivers’ representatives in the Code of Practice on trade union recognition under the Employment Relations (Jersey) Law 2007?

Will the Minister condemn the use of this ultimatum as unhelpful?

What discussions has the Minister had, or will he have with CTPlus about union recognition?

To what extent does the Minister consider that he has delivered on the Chief Minister’s public commitment to the highest TUPE standards on employee transfer in Jersey?

What responsibility does the Minister accept for his failure to “learn from the trials and tribulations of the previous contact change and to address and minimise the risks” associated with the transfer process this time?”

11. The Minister for Transport and Technical Services will table an answer to the following question asked by Deputy G.C.L. Baudains of St. Clement –

“With reference to the Motor Vehicle Races (Jersey) Law 1946, does the Minister believe, given the dangerous nature of motorsport, that the £2 maximum fine for obstruction or being unlawfully on an area used for racing is sufficient in this day and age and, if not, will he agree to amend the fine to perhaps, level 1 on the standard Scale of Fines?”

12. H.M. Attorney General will table an answer to the following question asked by Deputy T.M. Pitman of St. Helier –

“What measures are in place should information come to light that a sitting Jurat has displayed a questionable commitment to justice (a commitment upon which the role revolves) and what powers, if any, exist to remove a Jurat from office?”

13. H.M. Attorney General will table an answer to the following question asked by Deputy T.M. Pitman of St. Helier –

“What sanctions, if any, are in place in the instance of a Jurat not revealing a conflict of interest and recusing him or herself from a court case where this should have ruled him or her out from sitting in judgment?”

14. The Chief Minister will table an answer to the following question asked by Deputy T.M. Pitman of St. Helier –

“Given the potential conflicts of interest that exist in both States Members and Advocates proposing or seconding individuals to sit in the courts as Jurats (for example an Advocate nominating a Jurat may subsequently appear in a case in which that Jurat is sitting), would the Chief Minister agree to bring forward for approval amendments to the Royal Court (Jersey) Law 1948 so that the election of Jurats is no longer undertaken by an electoral college but overseen by a body such as the Appointments Commission and, further still, what, if anything, would prevent this body being involved in the appointment process?”

15. H.M. Attorney General will table an answer to the following question asked by Deputy T.M. Pitman of St. Helier –

“In relation to the Jervis-Dykes child abuse scandal at Victoria College, why were none of the individuals, other than Mr. Jervis-Dykes, taken to court and prosecuted for their failings in effectively concealing the allegations of abuse?”

16. H.M. Attorney General will table an answer to the following question asked by Deputy T.M. Pitman of St. Helier -

“When it is decided not to pursue a prosecution due to it not being seen as ‘in the public interest’, what criteria, if any, are used in making such a decision?”

17. The Minister for Treasury and Resources will table an answer to the following question asked by Deputy J.A. Martin of St. Helier –

“Would the Minister provide a detailed analysis of the allocated budget and proposed costs relating to the provision of new accommodation for the States of Jersey Police (this should include the construction of a new Police HQ at Green Street Car Park, together with any other facilities being provided)?”

18. The Minister for Treasury and Resources will table an answer to the following question asked by Deputy J.A. Martin of St. Helier –

“With regards to the proposed States of Jersey Police HQ at the Green Street car park site, would the Minister confirm the following details of the scheme –

- (i) the number of storeys;
- (ii) the gross internal area (by storey) in square metres and also square feet ;
- (iii) the estimated cost (per square metre and square foot);
- (iv) the number of personnel that the building is anticipated to cater for;
- (v) the number of operational vehicles that will be parked on-site, and in other localities (please specify); and,
- (vi) the estimated number of visitors (monthly and annually)?”

19. The Minister for Transport and Technical Services will table an answer to the following question asked by Deputy M.R. Higgins of St. Helier –
