

**WRITTEN QUESTION TO THE MINISTER FOR TRANSPORT AND TECHNICAL  
SERVICES BY SENATOR B.E. SHENTON  
ANSWER TO BE TABLED ON TUESDAY 5th JULY 2011**

**Question**

Can the Minister detail the date, time, location and brief details of all recorded accidents since 1st January 2010 along the following roads;

1. La Grande Route de St. Clement;
2. La Grande Route de la Côte;

**Answer**

The following road traffic collision statistics have been provided by the States of Jersey Police. It should be noted that only collisions resulting in injury, recorded in the States of Jersey road traffic collision database, have been provided. The States of Jersey Police do have non-injury accident data though this is less reliable and, thus, this is not provided to Transport and Technical Services. The Department follows recognised engineering standard practice and limits the assessment of data to those collisions involving injuries.

1) La Grande Route de St. Clement

Incident Date Time	Location	Incident details	No Of Vehicles	Vehicle 1	Vehicle 2	Vehicle 3	No Of Casualties	Severity of first casualty	Severity of second casualty	Severity of third casualty	Speed Limit	Road Surface Conditions	Weather	Light Conditions	Junction Detail	Pedestrian Crossing Physical
