

To whom it may concern,

No I do not think that the Police should charge us tax payers again for their services at events like Jerseylive.

I am Jersey born and a tax payer in Jersey. I have attend the Jerseylive events every year and feel that we should not have to pay extra for Police to be deployed at events.

I'm happy that I already cover the cost of policing at events by paying my taxes in the 1st place.

I think that all events that benefit the island should be covered by the states from income taxes gained and this should include Jersey Live

Yours faithfully,
Una O'Donoghue
