MINISTER FOR TREASURY AND RESOURCES

REPORT

These amendments make changes to the draft Postal Services (Transfer) (Jersey) Regulations 2000- so that those Regulations will be compatible with a new transfer date of 1st July 2006 under the Postal Services (Jersey) Law 2004.

The new date has been chosen after the Economic Affairs Scrutiny Panel decided to subject the draft Regulations to scrutiny as part of their scrutiny of policy in relation to the fulfilment industry and the relationship between that policy and the incorporation of Jersey Post.

There are no financial or manpower implications for the States arising from the adoption of these amendments.
