DRAFT AMENDMENT (No. 28) TO THE TARIFF OF HARBOUR AND LIGHT DUES (P.171/2003): COMMENTS

**Presented to the States on 9th December 2003
by the Finance and Economics Committee**

STATES GREFFE

COMMENTS

The Finance and Economics Committee notes the increases in various harbour dues that, when annualised, increase at various rates, some being above the 2.5% threshold of the Anti-Inflation Strategy.

In accordance with the Anti-inflation Strategy, the Committee approves those increases above 2.5% on the basis that those services are charged at below cost, and that the Harbours and Airport Committee are satisfied that further efficiencies cannot be made to those services.
