CONTINUATION OF ANNUAL JERSEY OPINIONS AND LIFESTYLE SURVEY (P.49/2025): COMMENTS

Presented to the States on 4th July 2025
by the Council of Ministers

COMMENTS

These comments are presented in response to [P.49/2025 \(Continuation of Annual Jersey Opinions and Lifestyle Survey\)](#), lodged by Deputy L.M.C. Doublet of St. Saviour on 17th June 2025.

The Council of Ministers is supportive of the view that JOLS should continue on an annual basis. Ministers recognise the importance of good quality statistical data, as well as the prioritisation and management of budgets for statistical production across government.

The Council of Ministers recommend the States support the Proposition and Ministers will consider any financial implications as part of the ongoing development of the Budget, planned for debate later this year.
