IN FAVOUR OF FORT REGENT

We love going to Fort Regent. It is so clean, friendly and sociable. The staff, whoever they be, have a smile and greeting for each person.

We attend the gym twice a week and attend an exercise class once a week. We have coffee frequently in the cafe and always attend the JSO concerts. We also come to other concerts of our choice and in the past belonged to one of the bowling clubs.

Fort Regent provides so much for many people, what would we do without it? We all want it to stay, so much will be lost if it goes.

What about the swimming pool? Many would like that to be re-instated.

The "FORT" is such a lovely place and with such character, but now needs more attractions for tourists. We used to bring our children up here over 30 years ago.

PLEASE, please, please keep Fort Regent going as it is and more. We will keep coming.
