Item 1 01/09/15 513/46	2. Jersey International Finance Centre The Panel recalled that it was scheduled to hold a final conference call with its advisers on Monday 5th October, with a view to clarifying any outstanding matters from the draft report received on 16th September. This was intended to enable the adviser's final report to be submitted to the Panel. Receipt of its draft interim report, which had been circulated to the Members electronically, was noted by the Panel. This was intended to form the basis of the Panel's next discussions in relation to the Review, following completion of work on the MTFP 2016-19. The Panel considered its response to a Written Question tabled by Deputy J.A. Hilton in relation to its Review. It agreed its approach to the draft answer, which would be circulated by the Officer to the Panel for further consideration and subsequent approval.	TO
