Zero-hour Contracts</b></p> <p>It was noted that as Deputy Hilton had joined the Panel on 12th April 2016, she had not partaken in the review, and therefore would not attend the meeting.</p> <p>The Panel received stakeholder comments on the factual accuracy of its report. After discussing the comments, the Panel made several minor changes to its report.</p> <p>The Panel discussed its key findings and recommendations. It discussed whether to include one particular recommendation in its report however a consensus could not be reached. The Officer advised that a vote should be taken in order to reach a decision on the matter. However, it was agreed that Panel Members would draft some recommendations that they would wish to be included in the report. It was agreed that these would be discussed further in due course.</p> <p>The Officer advised that the Panel should aim to present its report before the end of June 2016.</p> |        |
