STATES GREFFE

MONT ORGUEIL DEVELOPMENT STRATEGY: APPOINTMENT OF INDEPENDENT EXPERT
(P.19/2003) - AMENDMENT

After the words “independent expert” insert the words “or body”.

DEPUTY G.C.L. BAUDAINS OF ST. CLEMENT

REPORT

I believe the present proposition, as worded, is deficient in that it limits the expertise sought to a single person.

Some have expressed concerns that if the wrong person were selected, matters might be made yet worse, not better.

The consensus among these people seems to be that the best solution would be to approach a University or similar body to undertake this work.

The proposition, as worded, would exclude that.

This amendment should have no financial or manpower implications for the States.
