REPORT

Financial implications

The annual costs of maintaining La Rue Le Masurier and L'Avenue et Dolmen du Pré des Lumières, which form part of the Gas Works gyratory system, are -

(a)	cleaning of roads, footpaths and open areas	£3,310
(b)	gully cleaning and drain jetting	£240
(c)	road signs and markings (renewal/replacement averaged over a five-year period)	£455
(d)	bollards (maintenance and electricity)	£26
(e)	street lighting (maintenance and electricity)	£1,600

(a), (b) and (c) will be absorbed in the tasks connected with direct labour within the Department's existing operations but will lead to an overall reduction in the level of service provided.

(d) and (e) are costs payable to the Jersey Electricity Company and are an additional burden on the budget which means that cost savings will have to be achieved elsewhere in the Committee's cash limit.

Manpower implications

There are no additional manpower implications.

Explanatory Note

This Act classifies La Rue Le Masurier (in St. Helier and St. Saviour) and L'Avenue et Dolmen du Pré des Lumières (in St. Helier) as main roads (or *grandes routes*).

The effect of this is to place those roads under the administration of the Public Services Committee.
