The Finance and Economics Committee notes that the amendment to reduce the continuous period of residence required to obtain housing qualifications from 18 to 17 and, subsequently, in stages to 15 is in accordance with the Housing Committee's Strategic Policy Report 2002-2006 which was adopted by Act of the States dated 16th July 2002.

The Committee once again requests that the Housing Committee prepares a comprehensive report which identifies the direct and indirect, revenue and capital costs involved.

The Finance and Economics Committee is pleased to note that any increase in rent subsidy or any other cost implication arising from the amended Regulations will be contained within the Housing Committee's previously agreed cash limits.
