**M.N. DE LA HAYE**  
**Greffier of the States**

18th September 2003

## QUESTION PAPER

(See Item G)

Deputy G.C.L. Baudains of St. Clement will ask the following question of the President of the Harbours and Airport Committee –

“Would the President advise members –

- (a) what progress has been made to date regarding the review of the New North Quay fencing arising from P.163/2002, which was withdrawn following an undertaken by the Harbours and Airport Committee that it would consider the matter further?
- (b) whether the Committee accepts that the New North Quay is now inconvenient for boat owners resulting in limited use, and inform members whether there has been a consequential unacceptable increase in the use of the La Folie area by boat owners?”

Deputy G.P. Southern of St. Helier will ask the following questions of the President of the Housing Committee –

“1. Would the President –

- (a) explain the Committee’s change of policy on the sale of subsidised first time buyer units of accommodation at the Albert Pier Housing site?
  - (b) advise how many properties have been sold or are currently under offer since the change of policy?
  - (c) advise members whether the Housing Committee or the Jersey Homes Trust is the vendor for the sale of these properties?
2. Would the President inform members of the date on which the Committee intends to inform individual States tenants of the rent rises resulting from the decision to reduce the sums available through rent abatement arising from P.74/2003.”

Deputy G.C.L. Baudains of St. Clement will ask the following questions of the President of the Environment and Public Services Committee –

“1. Would the President inform members-

- (a) whether the Committee has a policy relating to the provision of pavements along main roads where none currently exist, and, if so, what this policy is?
  - (b) whether the Urban Renewal fund could be drawn on by the Parish of St. Clement, and not just by the Parish of St. Helier as has been the case in more recent years, for such matters as improved road safety, given the increasing urbanisation in St. Clement? If so, would the President state what process is required to access those funds?
2. Would the President inform members whether the Environment and Public Services Committee has any plans to split itself back into two Committees in advance of the split back into two Ministries already agreed by the States, and if so, when will this occur?”
