COUNCIL OF MINISTERS

REPORT

The purpose of the Strategic Plan is to set high level direction that informs the development of more detailed delivery strategies and action plans.

The Council supports the Amendment, but simply wishes to emphasize that the proposed focus on attracting environmental businesses should sit within the stated overarching ambition for economic growth (and for this purpose the Council of Ministers uses the word “optimising” as proposed by the Panel).

Amendment 9(3)	Council of Ministers amendment
Develop a focus on attracting environmental businesses to Jersey.	Develop a focus on attracting environmental businesses to Jersey in line with our Ambition of optimising economic growth.

Financial and manpower implications

There are no additional financial or manpower implications arising from this amendment to the amendment.
