- (c) to note, for the avoidance of doubt, that there may still be incurred pursuant to P.107/2017 such expense as is necessary or expedient for the purposes of winding up work undertaken to date under the Preferred Scheme.”

MINISTER FOR TREASURY AND RESOURCES

Note: After this amendment, the proposition would read as follows –

THE STATES are asked to decide whether they are of opinion –

- (a) to rescind their Act dated 1st December 2016, which approved in principle the use of the present Jersey General Hospital and certain extensions thereto as the site of the new;
- (b) subject to paragraph (c) below, to rescind paragraphs (a), (c), (d)(i), d(ii), (f), (g) and (h) of their Act of 13th December 2017 (P.107/2017) on the financing of the Preferred Scheme; and
- (c) to note, for the avoidance of doubt, that there may still be incurred pursuant to P.107/2017 such expense as is necessary or expedient for the purposes of winding up work undertaken to date under the Preferred Scheme.

REPORT

This amendment, if approved, would provide a mechanism for meeting any necessary and expedient costs associated with rescinding the decisions of the Assembly.

Comments will be issued in advance of the debate to outline how the Council of Ministers wishes to proceed in furtherance of the wider objective of delivering a new hospital, including more detailed costs, and a new, inclusive, and timely site appraisal and selection process.

Financial and manpower implications

As outlined, this amendment does not create any additional financial costs; it simply ensures that any costs incurred, if the Assembly decide to support Deputy R. Labey's proposition, can be met by the Hospital Construction Fund.
