As I am in retirement, I would like to be able to understand how the Treasury Minister thinks that she is doing me a favour by making me pay 2 lots of tax from 2023.

For me there are 3 options:

- write off tax liability for those on previous year basis for 2019
- write off 2020 tax for everyone
- if it ain't broke don't fix it and leave well alone

Thank you
