1) Name and brief description of the proposed decision The subject of your CRIA may be a proposed law, policy or proposition and in accordance with the Law is referred to in this template as the ‘ decision ’ <ul style="list-style-type: none"> • What is the problem or issue the decision is trying to address? • Do children experience this problem differently from adults? 	<p>This amendment would amend Deputy Coles’ amendment to P.2/2025 and would seek to reduce the number of Senatorial seats and, following the Swiss model, ensure that Ministerial Government is formed of those elected on an Island wide mandate.</p> <p>The decision would have no effect on children.</p>
2) Which groups of children and young people are likely to be affected? Groups of children could include early years, primary or secondary education; young adults; children with additional learning needs; disabled children; children living in poverty; children from particular ethnic backgrounds; migrants; refugees; care experienced children and LGBTQ+ children	<p>No children would be affected.</p> <p>Young People over 16 would be able to vote for Island-wide representation but would not experience the effects of this decision any differently to adults.</p>
3) What is the likely impact of the proposed decision on children and on their rights? <ul style="list-style-type: none"> • Identify any potential positive OR negative impacts and include indirect impacts on children and their rights as described in the UNCRC • Will different groups of children be affected differently by this decision? 	<p>No impact on children’s rights.</p> <p>Young People over 16 would be able to vote for Island-wide representation but would not experience the effects of this decision any differently to adults.</p>
4) Is a full Children’s Rights Impact Assessment required? If you have identified impacts on children and their rights, a full CRIA should be completed. If no impacts are identified then a Full CRIA is not required, but please explain your rationale and how you reached this conclusion	<p>No</p>
