Dear Minister

**Government Plan 2020 – Written Questions**

Further to our previous letter dated 21<sup>st</sup> August 2019, in addition to the supporting information already requested, we have some initial written questions which we would be grateful for a response to prior to the public hearing scheduled for 27<sup>th</sup> September 2019. In order that we can consider the responses to these questions in good time before the hearing please could you provide a response to this request no later than **Monday 16<sup>th</sup> September 2019**.

**Long term housing policy**

1. What is the breakdown of the proposed allocation of £140,000 funding for 2020?
2. In the business case in R.91/2019 it states: 'to support these options over £14 million will be available from 2021'. Please can you provide a breakdown of the costs totaling £14 million? Is this figure in addition to the £1,425,000 allocated for 2021, £1,450,000 for 2022 and, £1,450,000 for 2023? If so, where has this money come from?
3. The business case further states that 'a separate funding stream of £10 million will be established in 2021 to support home ownership schemes.' Please can you provide a breakdown of this figure and how it has been estimated?

**Rights for tenants**

4. What is the breakdown of the proposed allocation of £110,000 funding for 2020?

**Key worker accommodation**

5. Please can you provide a breakdown of various key worker accommodation currently available across all sectors of workers?

Thank you for your assistance. We look forward to hearing from you.

Yours sincerely
