and adopting an amendment of the Council of Ministers to that amendment, agreed that for the inserted new Priority 16 there should be substituted the following new Priority 16 –

Whilst one function of Heritage is to protect, conserve and explain our community’s past for the education and enjoyment of future generations, the arts are a living expression of a community’s vibrant present. The Arts can be enlightening, thought provoking, entertaining, disturbing, challenging and sometimes controversial but they should be valued for all these qualities. The role of government is not to direct or control creative expression but to support it in all its forms.

Why we must do this:

- Arts, heritage and culture are central to the life of the community
- Creative endeavour has been, and always will be critical to the Island’s development and it is for government to establish the environment in which such activity can thrive
- We need to preserve, enhance and promote our rich heritage.

What we will do:

- Implement, monitor and review the cultural strategy
- Continue to support the work of the Jersey Heritage Trust and other organisations responsible for the Island’s arts and heritage
- Champion the development of creative expression and awareness of our heritage through schools, youth groups, adult education, and partnership arrangements with voluntary organisations
- Encourage all States departments to consider the impact on heritage and opportunities for the development of the arts in carrying out their day-to-day business.
