Dear Chair,

Re: Timeline for changes to Control of Housing and Work Regulations

I wish to update the Panel of changes to the proposed timeline for bringing forward new Regulations under the Control of Housing and Work (Amendment) Law 2012.

It was my initial intention to lodge the Regulations and have the debate before the end of 2024, however, to ensure that the proposed Regulations are comprehensive I have now committed to allocating more time towards law drafting. Consequently, I have revised the timetable for this work and will now seek to lodge these Regulations before the end of the year for debate in early 2025.

I would like to take this opportunity to offer the Panel a private briefing on the proposed Regulations at their convenience.

Yours sincerely,
