## THE ECOLOGY FUND - 2001

The establishment of the Ecology Fund (P.32/91) required that an annual report be presented to the States. This report details the activities of the fund during the year ending 31st December 2001.

### **The trustees and their meetings**

The trustees, under the chairmanship of Deputy J. Bridge, met on three occasions during the last year. The trustees, in addition to Deputy J. Bridge, are Mr. R. Burrow, Mr. C. Le Bail, Mr. H. Forshaw and Mr. R. Long.

Aware that the capital sum of the fund is fixed, the trustees have adopted a prudent approach to the award of grants over the last few years, in order to maintain the real value of the fund.

As a result, the trustees are pleased to report that the fund is in a healthy condition, and would like to take this opportunity to request that any States member who is aware of potentially worthy environmentally based projects encourages members of the public to apply to the fund. The trustees are especially interested in applications from urban areas, such as schools and housing estates.

### **Projects approved in 2000 and paid for in the year 2001**
