

States Greffe

Deputy Steve Luce
Minister for the Environment

BY EMAIL

21st June 2024

Dear Minister,

Bridging Island Plan 2022-2025 – Proposals update

As part of its programme of work this year, the Environment, Housing and Infrastructure Panel would like to examine the implementation of the Bridging Island Plan 2022-2025. To start informing this work the Panel would like to find out more about the work being done to progress each of the [40 proposals](#) defined within the Bridging Island Plan.

In relation to each proposal, please could provide a brief update on:

- The progress made to date
- The progress which will be made during your term of office.
- If progress has not been made, could you provide a brief explanation as to why?

Please could you also provide the Panel with more information on how the proposals are being prioritised.

The Panel would usually seek a written response within five working days of receipt of a request, however, it is appreciated that this request may require a reasonable extension of this deadline. If that is the case please contact Committee and Panel Officer, Anna Thorne at a.thorne2@gov.je.

We look forward to hearing from you.

Yours sincerely,

Deputy Hilary Jeune
Chair, Environment, Housing and Infrastructure Panel
