Dear Minister,

2025 Business Plan

The Panel notes the omission of the Sea Fisheries (Trawling, Netting and Dredging) (Jersey) Regulations 2001 from the 2025 Departmental Business Plan for your Department. As this regulation is of significant importance to the management of marine resources in Jersey, we would like to seek clarification regarding its absence from the plan.

Could you please provide an explanation as to why the regulations were not included, and the rationale for this.

The Panel would be grateful for your written response within five working days of receipt of this letter. We look forward to hearing from you.

Yours sincerely,

Deputy Hilary Jeune
Chair, Environment, Housing and Infrastructure Panel
