Deputy Inna Gardiner
Public Accounts Committee
scrutiny@gov.je

Dear Deputy Gardiner

Arm's Length Bodies, Grants and Subsidies Review

Thank you for your letter regarding the Public Account Committee's review. We have reviewed the request and in consultation with the Shareholder Relations Function, within the Treasury and Resources Department. As a self-funding, States-Owned Entity we question whether Ports of Jersey falls within the scope of this review.

The only grant received by Ports of Jersey relates to the Jersey International Air Display, which was transferred directly to Jersey International Air Display Limited, upon receipt of the necessary documentation of costs incurred. In this instance, Ports of Jersey was acting on behalf of Government. Further details are provided below and are also transparently presented in our Annual Report.

	2020	2021	2022	2023	2024
JIAD grant (£)	0	65,000	0	42,000	28,000
% POJ Revenue	NA	0.18%	NA	0.08%	0.04%

We would like to provide a link to our Annual Report, which contains detailed information regarding the governance arrangements at Ports of Jersey: [Annual reports | Ports of Jersey](#)

Please do let us know if we can provide any further assistance,

With kind regards

Matt Thomas
CEO – Ports of Jersey Ltd
